CAREER OBJECTIVE

Second-year B.Tech CSE student at SISTec-R Bhopal with hands-on experience in Java through independently developed desktop applications. Proficient in building end-to-end solutions — from database design to UI implementation. Seeking an internship or entry-level opportunity to apply my development skills in a professional environment and contribute to real-world software projects.

EDUCATION

Sagar Institute of Science Technology & Research, Bhopal <i>B.Tech — Computer Science Engineering (RGPV) CGPA: 8.23</i>	2024 – 2028
Govt. Higher Secondary School, Panagar <i>Class 12 — MP Board 89%</i>	2024
Govt. High Secondary School, Panagar <i>Class 10 — MP Board 93%</i>	2022

TECHNICAL SKILLS

Programming Languages: Java, C, C++, HTML, CSS, JavaScript
Frameworks / UI: JavaFX, GUI Swing
Concepts: JDBC, Multithreading, File Handling, Exception Handling, MySQL
Tools & IDEs: IntelliJ IDEA, Git, GitHub, MySQL Workbench, Maven

PROJECTS

Exam Planner — Seating Arrangement System GitHub	Java JavaFX MySQL
- Auto assigns exam seats ensuring no two adjacent students share the same branch. - Imports student data from Excel and stores in MySQL via JDBC. - Features PDF export, a real-time dashboard with stats, and a clean role-based UI built with JavaFX 21 and Maven.	
MyTechSyllabus — Syllabus Web Platform GitHub	HTML CSS JavaScript
- Developed a responsive web platform providing semester-wise syllabus content for students. - Designed a clean, structured UI with easy navigation across subjects and semesters.	
Bank Management System GitHub	Java Swing File Handling
- Desktop banking application with account creation, deposit, withdrawal, and balance inquiry. - Built a user-friendly GUI with proper event handling and backend business logic.
